Our Voice Cannot Always Be Heard

We are Sertoma. Our voice, loud and proud, will speak to our history of service to mankind.

Our voice, focused and determined, will speak of the past in reverence but look toward the future with anticipation.

Our voice is heard in harmony; the harmony of individuals coming together to create communities.

Our voice is one of conviction and strength, the attributes of leaders.

Our voice is one of empathy and compassion, in support of those who suffer.

Our voice is a beacon for those who wish to serve.

Our voice cannot always be heard. For those who cannot hear, there is Sertoma

Sertoma & YOU

Connecting those who are called to serve with those who can't hear the call.

Who We Are

Sertoma's mission is to connect those who are called to serve - with those who can't hear the call. We are enablers of improved quality of life through better hearing health.

Sertoma's vision is for all who wish to serve, come together under common leadership and with one voice to serve many.

Sertoma's purpose is to bring together people of service who form communities of change.

Why Hearing Health?

While not a life-threatening health problem, hearing has a profound impact on an individual's quality of life. It limits professional advancement, has a negative impact on the individual's self-esteem, and isolates people from their family, friends and even their community.

Hearing health needs allies and advocates, educators and healers. Sertoma communities come together to make healthy hearing common in our everyday lives.

What We Do

A Sound Investment

An awareness campaign with the goal to make the sounds through public address and amplified systems in public facilities readily accessible to those that use hearing assistive devices.

Adopt-An-Agency

A network of nonprofit, hearing health organizations that share the same mission and goals of helping expand awareness and impacting individuals with communicative disorders.

SAFEEars!

An education awareness program that strives to motivate young people and adults to take action against noise-induced hearing loss.

Scholarships

Sertoma awards 90 \$1,000 scholarships each year to deaf or hard of hearing students and graduate students studying audiology or speech-language pathology.

CELEBRATE SOUND *Don't Walk in Silence*

Sertoma's first national fundraising event developed to help members, clubs and National Affiliates promote hearing health in our communities.

Sertoma Leadership Institute

A refined and updated training program with a focus on leadership and personal skill development. Training opportunities are available on the local and national level.

Make a Difference

Benefits of Membership

Becoming a Sertoma member gives you the opportunity to volunteer locally, make new friends and professional connections, lead projects that make your community a better place to live, attend professional trainings, and have fun while doing it!

Join a national network of volunteers, friends, and leaders.

As a Sertoma member, you will join a local group of service-minded men and women who are doing local volunteer work to support your community. In addition, you will become a member of a larger organization, Sertoma, Inc.: a respected leader in communities across the nation in support of hearing health.
